

### ***The Joy of Service***

One of our joys in serving with *FirstBible* is the privilege of meeting and fellowshiping with some of God's finest servants. These people may never be known outside their circle of influence, but they are the backbone of their local church. Some are pastors who are faithfully carrying out their calling like a pastor in Mississippi who is still fervently at it after more than 45 years. Some are faithful church members like Loretta, a lady in Virginia who has been a member of her church for fifty years and a junior-age Sunday School teacher for thirty-nine years. These good people often make us feel small as we do our part in serving the Lord.

### ***Emily Update...***

Emily is a climber. We recently found her on hands and knees on top of the stove playing with the knobs. A few days ago, she walked into her room and started climbing up the chest of drawers. About half way up, the chest fell over on her. She took the brunt of the weight across her face and forehead. It frightened her and scared us to death. After Emily settled down and we caught our breath, we found no serious injuries, not even a bruise. We thank God for sparing her from what could have been much greater harm.

### ***Open Door***

1. ***Which country has more lost people than any other?***
2. ***Which country has more saved people than any other?***

The answer to both of these questions.....China. With a population of almost 1.5 billion, China represents the greatest need on earth for the gospel. With more saved people than any other country, it is most needy of Bibles and other doctrinally sound Christian literature.

We are now involved in a new Bible project for the Chinese people. The translation work has been done by a reputable group and is now being checked for doctrinal accuracy. If it passes this test, we will soon launch a major fundraising effort to raise \$200,000.00 to print 50,000 Bibles with helps and study guides.

Amazingly, these will be printed in China. They will then be distributed to house churches. Please pray about this project and the possibility of helping financially with it.

***Please mark these dates:***

**March 9-12,  
2008**

***First Annual  
Conference  
on  
Reaching the  
Unreached***

***Please consider this a personal invitation to attend this vital meeting for the cause of world evangelism.***

***Pastors, staff, deacons, layman are all invited.***

***See enclosed flyer for more details.***
