Ministry News

Unlimited Potential for Impact !!

Our recent trip to India has resulted in a ministry partnership which has the potential to impact many unreached people groups. We will be working with South India Baptist Bible College in the city of Coimbatore. Among 450 students in this college are approximately 30 language groups, several of which have no Scriptures in their language. In addition to knowing their native tongue, these students are required to learn English and will also be taught Greek and Hebrew during their course of study.

We are being given the opportunity and classroom space in the new college building to begin a translation training center. Through this we will have the potential to train those who might be the ones to give their own people group the Scriptures for the very first time.

Please pray and consider partnering with us financially to make this a successful venture.

National Training Effort

I read recently that after several centuries of holding the top spot in world membership, the Roman Catholic Church has now been overtaken by the Muslims. There are almost 1.3 billion of them.

Please pray for our week of seminary teaching which will take place in a Muslim country in December. I will be teaching men whom God has called to be church planters in the Central Asian countries which are essentially cut off from the gospel. This may be the greatest personal ministry opportunity I have ever had. The potential impact is exciting!

Family News

We are rejoicing about a recent missions conference where a young man surrendered to go to Turkmenistan and a couple that has served in short term missions surrendered to go again. Praise the Lord!

We depart on September 25th for a series of meetings in New York, New Hampshire, Maine and Massachusetts. We will be on the road for one month. This will be our longest road trip to date.

We are grateful for these new ministry partners:

Great Thoughts

"His authority on earth allows us to dare to go to all the nations. His authority in Heaven gives us our only hope of success. And His presence with us leaves us no other choice." John Stott

Emily Update...

After children's church was dismissed, Emily was taken to the restroom where she commenced to sing at the top of her voice. When asked not to sing so loudly, she replied, *"But Mommy, I'm just praisin' the Lord!"*
