Runyankore Printing Project

Of course — these things always take longer than you think. We are making some spelling and editing corrections to the formatted files. Once those are corrected, we will prepare to send the Runyankore WHOLE BIBLE to the printing press. This will be WorldView's first completed whole Bible project and we are so excited!!

Madi Printing Project

We are still on target for printing the NT in mid 2026.

Liangmai Printing Project

We are still on target for printing the NT in mid 2026.

Special Blessing!!

WorldView was recently given a large offering that will cover about 90% of ALL THREE of the above mentioned projects. We praise the Lord for such wonderful provision for the publication of His Word!

Tibetan Project

Lloyd returned to the field in mid-January, then traveled south to teach a linguistics class at WorldView Institute for two weeks. He was a blessing to the students and I know they learned much from his knowledge and experience.

Persia Project

The situation in the Middle East is heartbreaking. Reliable sources report more than 36,000 people have been killed by the government in the demonstrations in Iran. Please pray for this nation and for our leaders to act with wisdom in response.

Cameroon Project

We are partnering with missionary Seth Folkers who has already assembled and partially trained a six-man team. Work begins in earnest in March on three different languages simultaneously. **We take on the financial burden of this project starting in March and it needs monthly support. Would you consider it?**

Nicaragua Project

Nicaragua has been in the news lately. A more drastic shift toward socialism has meant the expulsion of some missionaries. They recently declared any transport of Bibles across their border with Honduras to be illegal. This could make for a stickier situation as we move forward. Please pray for wisdom for Caleb and his family as they begin deputation in May.

Family News

Emily returned to school for the spring semester in mid-January. We miss having her around!! Getting in the full swing of her education classes is keeping her very busy.

We recently returned from a meeting in Texas and had to deal with a stomach virus for a few days, but doing better now. This weekend we head to Ohio, then to Florida and South Carolina for four different meetings. We hope to see Emily for a couple days while in Florida.

God bless you and thank you for your part in our ministry!!
